

iBook

Movies to go. More portable power. It's the next generation of iBook, the iMac to go.

iBook

Features

Impressive performance and portability

- 366- or 466-MHz PowerPC G3 processor with 256K on-chip level 2 cache
- ATI RAGE Mobility 128 graphics controller with 8MB SDRAM for 2D and 3D graphics acceleration, faster games, and enhanced movie playback
- 64MB of SDRAM, expandable up to 320MB
- 10-gigabyte Ultra ATA hard disk drive¹
- Up to 6 hours of battery life on a single charge²

Stunning style designed to go wherever you go

- Striking shape designed for easy carrying—in a choice of three colors
- Brilliant, high-resolution TFT active-matrix display
- Convenient foldaway handle and simple closing mechanism with no latches to break
- Durable construction of polycarbonate and rubber

Movies to make, movies to go and show

- Preinstalled iMovie software for professional-looking titles, transitions, and special effects
- FireWire port for high-speed input from your camcorder and up to 63 other multimedia devices
- DVD-ROM drive in iBook Special Edition for watching your favorite movies
- AV port to show off your movies and presentations on a big-screen TV

Fast, easy Internet access

- 30 days of free Internet service from EarthLink
- Setup Assistant that gets you on the Internet in less than 10 minutes and can sign you up for iTools
- Preinstalled Internet software for browsing the web and sending and receiving email
- Built-in 10/100BASE-T Ethernet, ready to connect to a DSL or cable modem or a high-speed network
- Support for AirPort wireless networking³

Easy setup and use

- Easy-to-use Mac OS 9 system software
- Preinstalled applications so you can begin working and playing right away
- Interactive tutorials to get you started with your new computer
- Comprehensive online help available whenever you need it

The new iBook. It catches your eye with exciting new colors. It empowers you with processor speeds up to 466 megahertz, equips you with a huge 10-gigabyte hard disk drive,¹ and connects to your digital camcorder instantly with FireWire.

Open iBook to discover a brilliant 12.1-inch TFT active-matrix color display. Inside lives a PowerPC G3 processor running at 366 megahertz in the iBook and 466 megahertz in the iBook Special Edition, each enhanced by a 256K on-chip cache that runs at full processor speed. You'll also find 64 megabytes of memory you can expand up to 320 megabytes, a 10-gigabyte hard disk drive for storing all your creations,¹ a CD-ROM or DVD-ROM drive, and the rocketlike ATI RAGE Mobility 128 graphics accelerator with 8 megabytes of RAM dedicated to graphics. With all this power, your adrenaline will start pumping the moment you pop in your favorite 3D game.

Then comes the really good part. With iBook, you can make and take movies anywhere. Use your FireWire-equipped DV camcorder and iMovie, Apple's easy-to-use digital video editing software, to make professional-looking Desktop Movies, complete with smooth transitions and special effects. Or, with iBook Special Edition, take along your Hollywood favorites and play them on the built-in DVD-ROM drive. Watch movies on the iBook display or connect almost any TV to the new AV port and enjoy the show on the big screen.

The award-winning iBook is designed to go wherever you go. Its convenient handle folds away nicely. There are no doors, latches, or edges to get caught or damaged. And with up to 6 hours between charges to its lithium-ion battery, iBook is perfect for a full day on the road, in class, or watching a feature-length movie on DVD.²

You also get everything you need for surfing the web, including a built-in 56K modem⁴ and an Ethernet port, Microsoft Internet Explorer, Netscape Communicator, and 30 days of free EarthLink Internet service. In as little as 10 minutes, Setup Assistant will connect you to the Internet and can sign you up for iTools, Apple's innovative suite of free Internet services that makes the web a safer, simpler, more productive and fun place to be.

To access the Internet, check email, and share files—without wires—from almost anywhere in your home, school, or office, simply equip your iBook with the optional AirPort Card and an AirPort Base Station connected to your compatible cable or DSL modem, phone line, or Ethernet.³ Multiple Macintosh users can even share an Internet connection simultaneously.

It's all there in the new iBook. Just choose your favorite color, dim the lights, and start the show.

Technical Specifications

Processor and memory

- 366- or 466-MHz PowerPC G3 processor
- 256K on-chip level 2 cache
- 66-MHz system bus; 66-MHz memory bus
- 64MB of PC100 SDRAM; single 1.35-inch standard SO-DIMM slot (3.3 volt) supports up to 256MB SO-DIMM for a total of 320MB of SDRAM

Storage

- 10GB Ultra ATA hard disk drive¹
- 24x-speed (maximum) CD-ROM drive; or 6x-speed (maximum) DVD-ROM drive (plays DVD-Video discs; plays CD-ROMs at up to 24x speed)
- Support for external FireWire and USB storage devices

Display

- Built-in 12.1-inch (diagonal) TFT SVGA active-matrix display
- Supports millions of colors at 800- by 600-pixel resolution
- Supports resolution scaling to 640- by 480-pixel resolution with millions of colors

Graphics support

- ATI RAGE Mobility 128 graphics accelerator with 8MB of SDRAM graphics memory and AGP 2X support

Communications

- Built-in 56K V.90 modem (RJ-11 connector)⁴
- Built-in 10/100BASE-T Ethernet (RJ-45 connector)
- Optional 11-Mbps AirPort Card; IEEE 802.11 DSSS compliant³
- Optional AirPort Base Station containing 56K modem and 10/BASE-T Ethernet port³

Peripheral connections

- One 12-Mbps USB port
- One 400-Mbps FireWire (IEEE 1394) port⁵

Audio

- 16-bit CD-quality stereo sound output minijack through AV port
- Single built-in mono speaker
- Support for external USB audio devices such as microphones and speakers

Video

- Composite video output to TV through AV port

Battery and power

- 50-watt-hour lithium-ion battery
- Up to 6 hours of battery life on a single charge²
- Power adapter port

Keyboard

- Built-in full-size keyboard with 76 (U.S.) or 77 (ISO) keys, including 12 function keys, 4 arrow keys (inverted “T” arrangement), and embedded keypad

Apple trackpad

- Solid-state trackpad provides precise cursor control; supports tap, double-tap, and drag capabilities

Electrical requirements

- Line voltage: 100V to 240V AC
- Frequency: 50 to 60 Hz
- U.S. EPA ENERGY STAR compliant

Environmental requirements

- Operating temperature: 50° to 95° F (10° to 35° C)
- Storage temperature: -13° to 140° F (-25° to 60° C)
- Relative humidity: 20% to 80% noncondensing
- Operating altitude: 0 to 10,000 feet (0 to 3,048 m)
- Maximum storage altitude: 15,000 feet (4,572 m)

Size and weight

- Width: 13.5 inches (34.4 cm)
- Height: 11.6 inches (29.4 cm)
- Average depth: 1.8 inches (4.6 cm); depth ranges from 1.24 inches (3.15 cm) at the thinnest point to 2.06 inches (5.2 cm) at the thickest point
- Weight: iBook—6.6 pounds (3.0 kg); iBook Special Edition—6.8 pounds (3.1 kg)

Configurations

Order no.	iBook M7721LL/A—Indigo	iBook Special Edition M7720LL/A—Graphite
Processor	366-MHz PowerPC G3	466-MHz PowerPC G3
Level 2 cache	256K at 366 MHz	256K at 466 MHz
Memory (PC100 SDRAM)	64MB	64MB
Hard disk drive ¹	10GB Ultra ATA	10GB Ultra ATA
Optical drive	CD-ROM drive	DVD-ROM drive
Display	12.1-inch TFT SVGA	12.1-inch TFT SVGA
FireWire	One port	One port
USB	One port	One port
Composite video output	Yes	Yes
Modem ⁴	56K V.90	56K V.90
Ethernet	10/100BASE-T	10/100BASE-T
Wireless networking ³	AirPort ready	AirPort ready

All models include a built-in keyboard and trackpad; modem cable; power adapter and power cord; lithium-ion battery; Mac OS 9, QuickTime, AppleWorks, iMovie 2, Microsoft Internet Explorer, Microsoft Outlook Express, Netscape Communicator, Palm Desktop, FAXtstf, Bugdom, Nanosaur, and Acrobat Reader software; complete setup, learning, and reference documentation; limited warranty; and 30 days of free Internet service through EarthLink.

Internet access requires an Internet service account. Most applications are preinstalled. Some applications require the use of an included CD-ROM. Product contains electronic documentation. Backup software is provided on CD-ROM.

For More Information

For more information about this product, or to find out where to buy Apple products, visit www.apple.com/hardware on the World Wide Web or call 800-538-9696. To purchase products from the Apple Store, go to www.apple.com/store or call 800-MY-APPLE.

Visit the Macintosh Products Guide at www.apple.com/guide for the latest information on more than 18,000 hardware and software products for your new computer.

Apple offers a free suite of Internet services, including iReview, iCards, and iTools, to help you get more out of using the web. Visit www.apple.com to sign up.

Your iBook comes with 90 days of telephone support and a one-year limited warranty. Purchase the AppleCare Protection Plan and get three years of service and support. Only the AppleCare Protection Plan provides you with direct telephone support from Apple technical experts and the assurance that repairs will be handled by Apple-certified technicians using genuine Apple parts. For more information, visit www.apple.com/support/products or call 800-823-2775.

Build-to-Order Options

In addition to choosing from the preconfigured systems above, you can order iBook in Key Lime from your authorized Apple reseller or the online Apple Store. You can order an iBook in any of the three colors with factory-installed options such as more RAM, a larger hard drive, and AirPort wireless networking. Visit www.apple.com/store or call 800-MY-APPLE for up-to-date information on options and availability.

Other Options

Product	Order no.
iBook Power Adapter	M7387LL/A
iBook Battery	M7621G/B
AirPort Card	M7600LL/B
AirPort Base Station	M7601LL/B

¹ For hard drive capacity measurements, 1GB = 1 billion bytes; actual formatted capacity less.

² Battery life depends on configuration and use.

³ Wireless Internet access requires AirPort Base Station and Internet access (fees may apply). Some ISPs are not currently compatible with AirPort, including America Online. Range may vary with site conditions.

⁴ Actual modem speeds lower; speed depends on connection rate and other factors.

⁵ Actual rates will vary.

Look for this logo to find great products for your Mac.
